

How to Vote on the U. S. Standard Voting Machine

Move the Red Handle of the Curtain Lever to the right as far as it will go. (Fig. 1.)

This will close the curtain around you, and unlock the machine for voting.

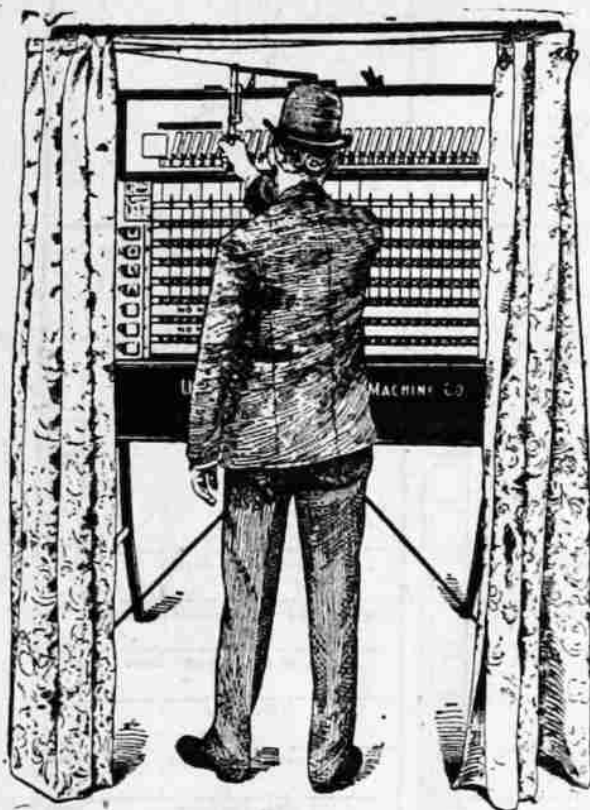

FIG. 1.

How to Vote a Straight Ticket

Having closed the Curtain—Pull the Party Lever bearing the name or emblem of your Party over to the right UNTIL THE BELL RINGS, and then let it go back. This turns down to a voting position all of the Pointers of the candidates of your party. (Fig. 2.)

The ringing of the Bell informs the voter that the Party Lever has been pulled far enough to engage the registering mechanism.

The turned down Pointers indicate the names of the candidates for whom the vote will be cast.

Leave the Pointers as they are (down in a voting position.)

Move the Red Handle of the Curtain Lever to the left as far as it will go. This will count your vote, open the Curtain and set the machine for the next voter.

CAUTION—Before moving the Curtain Lever back to the left, be sure that a Pointer is down over the name of every candidate you wish to vote for.

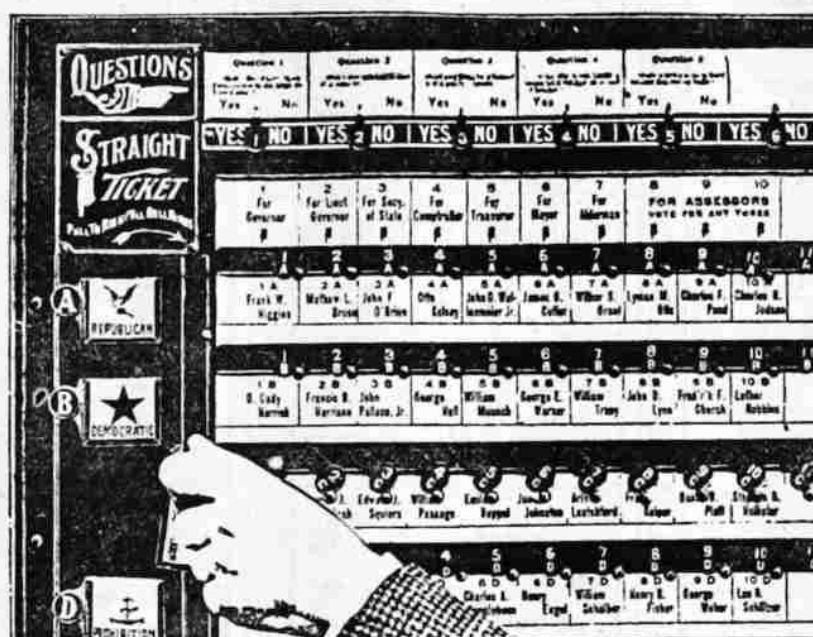

FIG. 2. VOTER PULLING OVER A PARTY LEVER.

FIG. 4.

Be sure to complete each Split before making another. After the vote is arranged, move the Red Handle of the Curtain Lever to the left as far as it will go. (This will count one vote for every candidate that has a Pointer left down over his name.)

FIG. 5. THE ABOVE CUT SHOWS

That the voter has indicated his vote as follows: Has pulled Party Lever "C" and Split for Treasurer "B"; has turned down the Pointers for the three Assessors "9A, 9B, 9C"; has turned the Question Pointers 1 and 2 to "Yes" and 4 to "No." As the above operation only indicates his vote, he can make any changes he desires before moving the Curtain Lever. Moving the Curtain Lever back to the left counts the vote, opens the Curtain, and sets the machine for the next voter.

Remember, the Pointers must be LEFT DOWN over the names of the candidates to be voted for.

How to Vote a Split Ticket

Having closed the Curtain—Pull the Party Lever bearing the name or emblem of your Party over to the right UNTIL THE BELL RINGS, and then let it go back. (This turns down to a voting position all of the Pointers of the candidates of your party.)

Turn back (up) the Pointers from the name of the candidate you wish to cut out. (Fig. 3.)

Then turn down a Pointer over the name of the candidate you wish to vote for for the same office, and leave it there. (Fig. 4.)

FIG. 3.

Multi-Candidate or Group Voting

Is where two or more persons are to be elected to the same office, as shown for Assessors in cut (See Figure 5) any three of the candidates can be voted for regardless of the location of the names, and no more.

How to Vote on Questions

Turn the Question Pointers to the words YES or NO, and leave it there.

Voting machines are on public exhibition at Headquarters of all Political Parties, at the City Hall, County Court House, Fire Station No. 2, Shaw's Store, Five Points. Go into any of these places and study the machine. It will save you and other voters much time on election day.
